

Delock Mobile Phone Charging Holder for Power Socket black

Description

This mobile phone charging holder by Delock serves as a practical storage place when charging a smartphone at the power socket.

Simple application

The charging holder can be attached to the socket by pushing the power supply through the upper, round opening. The charger cable can be wrapped around the holder to give the mobile phone extra firm grip. The smartphone can be then placed in the middle of the holder.

Practical holder

This practical helper allows you to provide the perfect place to charge a smartphone at any power socket without having to lay it on the floor.

Ideal for travelling

The charging holder is perfect for travel and can be used for smartphones and many rechargeable electrical devices.
