Delock 2 Port VGA Data Splitter 450 MHz

Description

This Delock VGA data splitter can be used to split the video signal from video output of your PC or notebook. Thus you can connect two monitors to one VGA port. Power will be supplied through the USB port without blocking the USB port due to the male – female solution.

Item no. 61968

EAN: 4043619619689

Country of origin: Taiwan, Republic of China

Package: Retail Box
