

Delock 2 in 1 USB Type-A Keypad with Calculator function 2.4 GHz wireless black

Nummernblock mit integrierter Taschenrechner Funktion

This **wireless 2 in 1 keypad** by Delock will be connected to a computer by using the included USB nano receiver. It serves e.g. for the expansion of a laptop without keypad. During transport, the USB dongle can be attached to a slightly magnetic slot on the bottom side of the keypad.

Calculator

The **integrated display** on the keypad serves the **additional calculator function**, which can be activated at the push of a button during operation.
