

Delock Antenă LPWAN 433 + 868 MHz N mamă 2 dBi 72 cm omndirecțional fix de exterior gri

Descriere scurta

Această antenă de la Delock permite utilizarea benzii 433 und 868 MHz în interior și în aer liber.

LPWAN

Rețelele LPWAN (Low Power Wide Area Network) sunt rețele radio care acoperă distanțe mari. Acestea se caracterizează printr-o sensibilitate ridicată la recepție și printr-un consum redus de energie.

Nr. 12679

EAN: 4043619126798

Țara de origine: China

Pachet: White Box

Detalii tehnice

- Conector: 1 x N mamă
- Interval frecvență: 433 + 868 MHz
- LoRa, NB-IoT, Sigfox, ZigBee, Z-Wave
- Amplificare antenă: 2 dBi
- Impedanță: 50 Ohm
- VSWR: 1,5
- Polarizare: verticală
- Temperatură în stare de funcționare: -40 °C ~ 80 °C
- Culoare: gri
- Dimensiuni (LxD): aprox. 72,0 x 2,2 cm

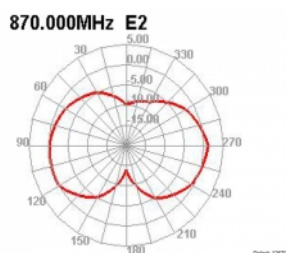

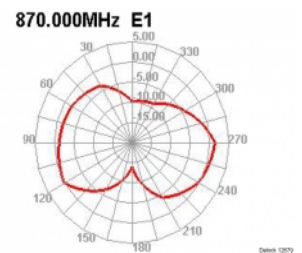

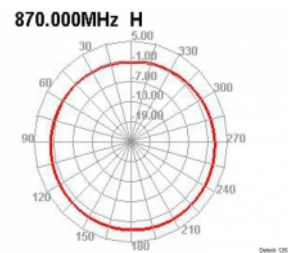

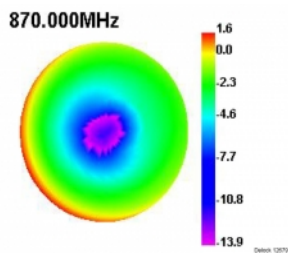

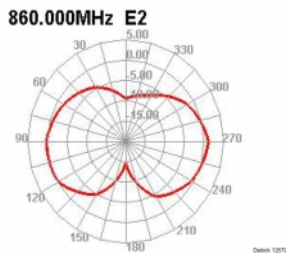

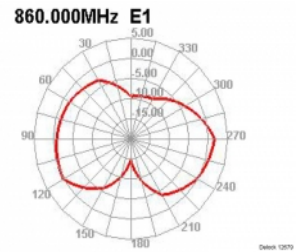

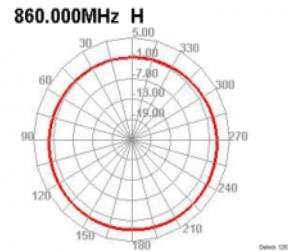

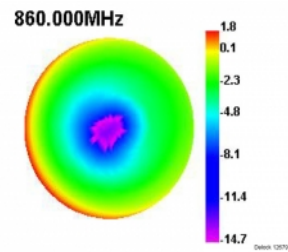

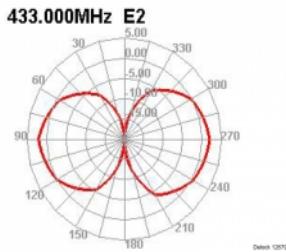

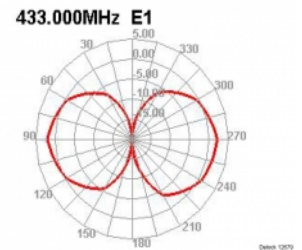

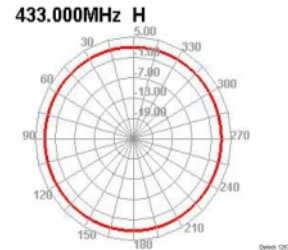

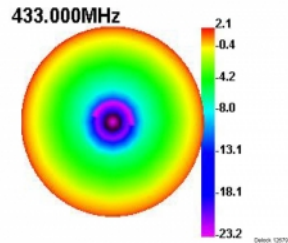

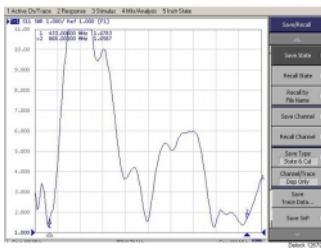

Cerinte de sistem

- Dispozitiv cu un portsau N liber

Pachetul contine

- Antenă
- Consola de montare pe perete

Imagini

General

Mounting type:	pole
Suitable for outdoor:	Da

Interface

connector:	1 x N mamă
------------	------------

Technical characteristics

Frequency range:	433 MHz 868 MHz
Antenna gain:	2 dBi
Beam width horizontal:	360°
Beam width vertical:	65° @ 433 MHz 35° @ 868 MHz
Temperatură în stare de funcționare:	-40 °C ~ 80 °C
VSWR:	< 2,0

Physical characteristics

Material carcasă:	GFRP
Weight:	0.37 kg
Diameter:	2,2 cm
Lungime:	72.0 cm
Colour:	gri
