

Delock Heat Shrink Tube X-pattern non-slip 1 m x 40 mm yellow

Description

This heat shrink tube by Delock can be used on a variety of items that require a non-slip grip, e.g. tools, fitness equipment, tennis rackets or fishing rods. Under the effect of heat, the sleeve completely encloses the grip and shrinks. This protects the grip from the effects of the influence of weather and mechanical damage.

Application of shrink tubes

The heat shrink tube can be heated with a hot air gun; the hose shrinks to half of its original diameter when heated at a 2:1 shrinkage ratio.

Item no. 19605

EAN: 4043619196050 Country of origin: China Package: Zip poly bag

Technical details

Length: ca. 1 m

• Diameter: ca. 40 mm

• Non-slip

X-pattern

• Shrinkage ratio 2:1

• Shrinking temperature: 70 °C ~ 125 °C

· Material: polyolefin

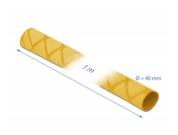

· Colour: yellow

Package content

· Heat shrink tube
