

Delock Plastic cable protection conduit in oval shape flexible 13.6 x 6.3 mm - length 10 m black

Description

This corrugated plastic conduit by Delock can be used to bundle exposed cables, electrical tubes or wires to protect them from dirt or damage.

Excellent flexibility and resistance

The sleeving is characterized by its abrasion resistance and heat resistance. In addition, the conduit has a high degree of flexibility to protect cables from excessive bending.

Multifunctional application

Due to the robust design and flexibility, protective conduits are often used in installations, automation and machine systems.

Cutable

The length of the protection conduit can be shortened individually.

10 m

Item no. 60620

EAN: 4043619606207

Country of origin: China

Package: Zip poly bag

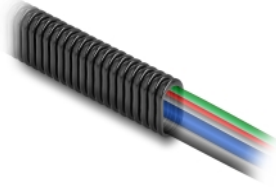

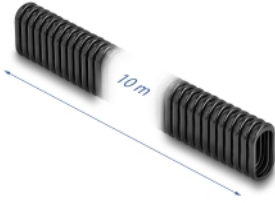

Technical details

- Length: ca. 10 m
- Dimensions:
inside: ca. 13.6 x 6.3 mm
outside: ca. 16.5 x 9.2 mm
- Flexible
- Environmental temperature: -40 °C ~ 150 °C
- Material: PA
- Flammability class: V-2
- Colour: black

Package content

- Protection sleeve
