

Delock Universal Coax Crimping Tool for 4 different diameters angled

Description

With this tool by Delock a network cable can be installed quickly and easily to a connector. The rubberized handles provide a firm grip during the crimping process.

Exchangeable ratchets

The press profile insert, the so-called ratchets, are exchangeable, so that the right pair can be installed for every application.

Note

The plier has a locking mechanism to prevent unintentional closing or opening. Seven clearly audible locking points signal this mechanism. After the seventh, the pliers open again when the handles are pressed together.

Item no. 90528

EAN: 4043619905287

Country of origin: China

Package: Blister
